

NRHS MORNING ANNOUNCEMENTS

THURSDAY - MARCH 15, 2018

We are almost finished with our second week of Newfound Reads. Freshmen and sophomores, can you track down some information about the history of dog sled racing? In 1908, the first sled dog race took place in Alaska. What did the team, led by a famous dog named Balto, deliver to the struggling town of Nome? Come to the LMC to review this question and take your guess!

The NRHS LMC is hosting a March Madness tournament of books! Come to the LMC every week to vote for your favorite book in each week's bracket. For our first March Book Madness, we are using the top sixteen most checked out books in the last two years. If you see something you haven't read, maybe now is the time to try it out! This is a fun event to spread the love of reading. You can vote in the LMC or via the library website!

Do you love the great outdoors? The Forest Service is again recruiting for next summer's YCC Program and was hoping to outreach to the Newfound Regional High School student body regarding this great opportunity. The Youth Conservation Corps. Program is a summer employment program for youths 15 -18 who will work, learn and earn together in the great outdoors. If you are interested, please see Mrs. Lord in the main office for more information and applications.

Ashlee Dukette has been named to the Division 3 All-State First Team and Savanna Bony was named to the Honorable Team. Congratulations to both!

Congratulations to Kylee MacDonald who was selected as the Outstanding Division 3 Senior Female Scholar Athlete at the statewide awards program on Monday.

The Winter Sports Awards program is Monday, at 6:30pm.
